WASH

Wash wheels regularly according to vehicle manual to flush out residue build up - dirt or brake dust. Increase washing if in an area of harsher conditions - sand or salt. Wash using basic car wash soap. No harsh chemicals.

WARRANTY

AlloyGator is made of a tough nylon and is designed to help reduce kerb damage on impact. It is not a guarantee of damage prevention. There is a 1 year warranty on the colour fading or deformation

or installation.

FITMENT

If you notice Your AlloyGators coming loose without impact please see your installers for inspection.

IMPACT

If you have an impact, please inspect promptly and return to place of installation to have it replaced or refitted as needed.

TYRE SHINE

Avoid using excess tyre shine.

RACING

AlloyGator is not recommended for racing or track cars.

TYRE PRESSURE

Check tyre pressure regularly according to vehicle manual.
